

WASTEWISE

CLIENT: WASTEWISE

VALUE: £2.4M

BUILD PERIOD: 52 WEEKS

THE PROJECT

Wastewise specialises in the collection, recycling and composting of over 100,000 tonnes of waste a year for both public and private sector clients.

As principle contractor for the project, Ashcourt were responsible for the design, build and delivery of a state-of-the-art In-Vessel Composting (IVC) facility.

The works also included the installation of a new concrete slab and retaining structures, this was completed using concrete Lego blocks to store the compost. The facility has the capacity to process up to 60,000 tpa of food and garden waste.
